## Partners In Music Education

Our **Peripole® Halo® Recorder** has gained overwhelming acclaim and popularity since it was first introduced in 1993. The combination of it's easy-to-play low notes, sweet tones, accurate tuning, contemporary Renaissance styling, extra-wide blue and white zippered case, solid feel, unconditional guarantee and **special AEPA price**, continue to distinguish it from others.

The Peripole® Halo® Recorder is available exclusively from Peripole, Inc., and is the **only recorder that has been manufactured to our rigorous specifications that were developed, and continue to improve improve , with cooperation and feed back from leading music educators all over the country.**

The unique **Peripole® Halo® Hanger**, which comes free of charge only with our Recorder, is so revolutionary in its design that it was awarded four separate United States Patents\*. **It is the only recorder neck strap that: (1) Suspends the recorder in true-vertical, ready to play position; (2) Has a firm, tapered fit, in order to lock against upward movement, so it can't block the wind exit; (3) Will not interfere with fingering the upper or thumb holes; and (4) Comes equipped with the Safety-Snap® - a high-quality, durable, lanyard breakaway unit for the added safety of your students, now required by many school districts.** The exclusive blue (Baroque Fingering) or yellow (German Fingering), extra-wide zippered bag, easily holds the instrument with the Halo® Hanger left on the recorder.

When it comes time to order instruments, please give us your sincere consideration. Alto, remember our other innovative and exclusive product lines: Peripole-Bergerault® Orff Instruments, and Peripole® Classroom Percussion.
