Business solutions that work for you!

Sivic Solutions Group (SSG) is a eleven year old Minority-certified New York based Limited Liability Company offering full service consulting, systems and operations support and services to public and private businesses in nine States. SSG purchased Federal Claiming practice from a major Company and retained many of its employees. The philosophy of our company is based on providing the best customer service using the best staff and the best systems in the industry, and building strong relationships with our clients. These, combined with the quality of our service, will win new work, which will lead to the growth of the revitalized company, with our motto, Service, Systems, Growth (SSG).
